

NEW!

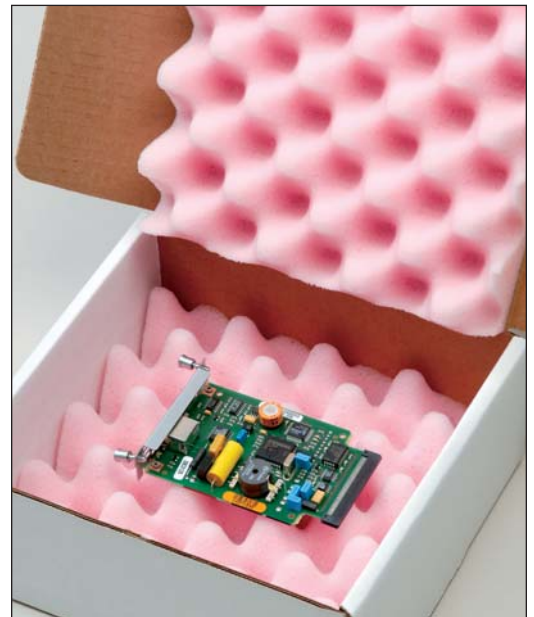

EzeeShip'r™

All-In-One Shipping Containers

- No assembly required
- Top foam glued in place
- Bottom foam loose
- Reusable crushproof box

- Reduce packaging time
- Protect against shock damage
- Will not scratch
- Front lock tabs for added security

EzeeShip'r compression packs are perfect for shipping fragile items. Each rugged crushproof box comes fully assembled, a cost effective alternative to multiple packaging components. Interlocking and non-abrasive polyurethane foam inserts provide superior cushioning performance by gently cradling products, while holding them firmly in place. Choose from standard charcoal or anti-static pink.
